### SCORE 0-30: The Doormat

Now your partner is a very lucky boy/girl because they're having their cake and eating it! Heavens above, you will do anything to avoid confrontation and I mean 'anything' but are you genuinely happy?? Get in touch with your rebellious streak and start giving as good as you get. It's healthy to keep the other half on their toes!!

### SCORE 31-70: The Pushover

You allow your partner to get away with murder! And not because you're scared to put your foot down, but simply because you're too lazy to! You are so laid back it's amusing, you really don't care what's going on around you so long as everyone's happy and having a good time! Up your game a little otherwise you might find yourself regretfully looking back at the one that got away!

### SCORE 71-110: The Equal

What an excellent position to be in! Like two peas in a pod, you almost feel your partner's emotions like they were your own. His/her happiness reflects greatly upon you and you'll be their rock throughout life as much as they'll be yours. You are definitely marriage material but be careful not to become too predictable, be a little spontaneous from time to time and keep the relationship alive!

### SCORE 111-150: The Boss

There's no holding you back, you know what you want and you know how to get it! You certainly wear the trousers but your partner needs the patience of a saint and a lot of caffeine to keep up with you! You're optimistic, ambitious and successful. Whether you are male or female, you're certainly the driving force behind this relationship, but let your partner feel their opinion matters otherwise you could scare them away!
